Upper Buena Vista brand is unveiling its residential program, showcasing serene living that harmonizes its peaceful atmosphere with a distinctive selection of residences.

Located in Buena Vista, next to Miami's bustling Midtown, Upper Buena Vista provides a tranquil enclave in the midst of all the action, with easy access from Miami Beach, Wynwood, and just steps away from the world-class Miami Design District.

A modern, single-story house is nestled within a dense, lush tropical forest. The house features a prominent large glass window with a white grid pattern, through which a well-lit interior with a bed and decorative items is visible. To the right of the window, the exterior wall is clad in light-colored horizontal wooden slats. A curved, white balcony with a glass railing extends from the house, partially obscured by a large, vibrant green plant with broad leaves in the foreground. The background is filled with tall, slender trees and thick foliage, creating a sense of being deep within a jungle. The overall atmosphere is one of tranquility and natural luxury.

Each residence within Upper Buena Vista is conceived as a sanctuary of abundance, where expansive living spaces and oversized windows invite the natural light to dance across meticulously designed interiors. These future homes are set to offer options of personal pools, providing a private escape into tranquility and luxury.
